30 Day – 60 Hour

CompTIA Security+ SY0-701 Study Plan

Study for a minimum of 2 hours per day. Complete all Quick Quizzes at the end of each section. This study plan is designed to take 1-2 months to complete. You can finish the entire certification in 1 month, but I recommend to take at 1-2 days off of studying per week. It is outlined by day and what lessons to complete. Each day has about 2 hours of videos to watch or exams to complete.

Day 1

- **Register for the actual exam in 30 days. – MUST DO**
- Section 2 IT Security Fundamentals
- Section 3: Security Controls Categories and Types
